GOVERNMENT CAPABILITIES STATEMENT

# Voice, data & connectivity infrastructure.

**A trusted, experienced Internet Telephony Service Provider (ITSP)** delivering design, installation, modernization, and support for structured cabling, business communications, wireless connectivity, indoor cellular coverage, and sound masking across Virginia, Washington, D.C., and Maryland.

GOVERNMENT INQUIRIES

**(703) 392-1400** **info@dbl-eagle.com**

9852 Business Way · Manassas, VA 20110

## PROCUREMENT SNAPSHOT

● **Small Business Concern**

| CAGE CODE | ESTABLISHED | CERTIFICATIONS | PRIMARY NAICS |
|---|---|---|---|
| 4RSN3 | 1992 | Virginia Class A · SWaM | 238210 |

## Core competencies

Services available independently or as a coordinated scope

**Structured cabling**
Copper and fiber design, installation, expansion, testing, labeling, maintenance, and cleanup.

**VoIP & UCaaS**
Cloud, on-premise, and hybrid phone systems; deployment, support, and administrator training.

**Legacy system modernization**
Nortel, Avaya, and E-MetroTel expertise for measured migrations that preserve useful assets.

**Dial-tone services**
Internet-based dial tone and long-distance services coordinated with phone and network infrastructure.

**Wi-Fi & point-to-point links**
Wireless coverage and building-to-building radio-frequency connectivity.

**Indoor cellular & sound masking**
Distributed antenna systems, clearer indoor service, speech privacy, and workplace focus.
